*The Lazaris Weekend*

*Orlando, FL ... January 25 - 26, 2003*

## *Congress of Magicians: Evolving Dreams & Living Visions*

*We invite you to come with us to a sacred place ... a place where magicians gather.*

*We invite you to love with us ... to love enough to dream – to dream new dreams you've not dared dream before – and to be courageous enough to vision – to envision new visions you've not dared vision before. Come with us to a sacred place ... come with us to where magicians gather.*

*– Lazaris*

Dreaming can bring a dazzling clarity and brilliant precision that can fill us with awe. Laser-like, visioning can illuminate our path and clear the way along that path, allowing us to embrace success and happiness that is ripe with wonder and joy. Dreaming and envisioning can create a standing wave of resonance with a radiance rich with power, more potent than we know.

Amid our successes and within our current dreams and visions, there are plateaus and pinnacles of happiness and joy. There are enchanting reflections of our powers and strengths. There are incredible expressions of our magic and spirituality. Yet there is still too much terror in the world, and there are too many fears and pains in our realities.

Poignantly, whether in triumph or tumult, our world reminds us of who we are and of

why we are here. Tenderly, we remind ourselves of our depths of compassion and of love. We care more deeply than sometimes we can admit, and we love more deeply than often we can know.

As *2003: The Year of Expansion* begins, Lazaris has designed a stunning weekend of magic that can unfold miracles. Knowing who we are and why we are here, we respond to Lazaris' invitation. He invites us to a sacred place where magicians gather. He invites us to a Congress of Magicians.

As the hours of this weekend expand into days, poignantly and tenderly we will work with our current dreams and visions. We will learn how to evolve those dreams and how to live those visions. And then we will dream new dreams, and we will envision new

visions. We will work with the *Dominions of Unconscious Presence, Hidden Mysteries of Unconscious Futures*, and, in addition, with the *Creations/Manifestations of Archetypal Traditions*. Within this work: evolved dreams vibrant with light and substance and new visions vital with warmth, movement, and voice. We will change; our world will change.

Lazaris invites us to explore and to work with elegant vision in ways that we never would have imagined and to create levels of accomplishment and success that we never

could have believed. We can be about the business of making the maps we are destined to make.

Welcome to an intimate weekend with Lazaris in a sacred place where magicians gather. Welcome to a weekend that can spark the expansion of even greater happiness, success, and joy for ourselves and for our world. What a wonderful way to begin another year of magic.

Welcome ...

*An Evening with Lazaris*

## *Reaching for the Stars*

*Friday, January 24, 2003 7:30-11:00 pm*

Reaching for the stars ... The phrase conjures varying images each with reassuring nuances. Thoughts of Sirius and feelings about our hopes and dreams flurry about our hearts and minds.

Reaching for the stars ... As the years of this new decade have unfolded, we have developed certain allies: dominion, mystery, and mastery of creation/ manifestation. We are now ready to expand our domain, the power and magic of mystery, and to expand the wonders and miracles we can create and bring into our world and into the world around us. With all that we know and with all that we have done, we are ready, we are eager, and we yearn to expand.

Reaching for the stars ... As we embark upon a year of expansion, we are ready to reach for the

*Satisfied, never settle; content, never become complacent. Reach for the stars.*

*Oh, dear one, always, yes, always reach for the stars.*

– Lazaris

stars. We seek more joyous success and more profound happiness. We know we are loved, and we seek greater love with which to be more loving and with which to offer more healing.

Lazaris encourages us. He also listens. Lazaris responds with a mystical and magical evening where we will work with new, masterfully profound ways of expansion. And in it all, we will learn how to reach deep into our spiritual tradition and into our stellar ancestry to enhance and embellish our reaching for those stars in our reality. Among the new techniques: *Enriching Identity; Embellishing Image; New Dimensions of Success Cube, Mystical Choice Beyond Conscious Choice*, and *Expanding the Domain of Love*.

It's an exciting way to begin a pivotal new year; it's an exciting way to respond whenever deepening and expanding are at hand. Welcome to another one of those special evenings with Lazaris. Welcome ...

### *New Vistas of Hope: The Mystical Core of Great Magic*

[\*click here for sound clip\*](#)

"Magic becomes splendid magic, it becomes great magic, when it is infused with the aesthetics and esoterics of the Divine - of God/Goddess/All That Is." (Lazaris) During this discussion, Lazaris guides us upon a gentle journey, an intimate one. Upon this journey, we seek hope: Hope can guide us to the realm of Splendid Magic; hope can be the infuser of the Divine that can lift our magic to become Great Magic. Along the way, hope can change our magic, allowing it to be more vibrant and viable, with workings that are more profound – more far-reaching. Along the way, hope can change our life, allowing it to become richer with the texture of greater success and greater happiness. We explore the *Nature of Hope* to understand how the *Divine Hope* we received from God/Goddess/All

\* [click to return to main menu](#) \*

That Is dwindled and was replaced by human hope. Then we uncover what hope can be for us, the magicians of our current and future Age: Hope can spark so much within us (power, courage/confidence, co-creation, dominion) and it can be a reservoir for so many things (love, happiness, resonance of the miraculous, and magic). With this foundation, we reach for the new horizons of what hope can be and what it can provide as it adds dimension – it is an attractor, a stabilizer, and our guide to *Splendid Magic* – to *Great Magic*. Techniques include *Seven Days of Hope*, *Elixir of Hope*, and *Mystery of Hope's Paradox*. Powerful meditation included.

### *Activating Our True Core of Power: Love and Will*

[click here for sound clip](#)

We stand upon a pinnacle . . . our pinnacle . . . and we will move. The siren's call of the past and fear's call of the present can overshadow the voice of hope and opportunity coming from the future. Decision and choice are not enough: We need something mysterious and mystical that can be magical and miraculous. Our true core power can be that "something." As well, it is the initial cornerstone of a new kind of empowerment built upon a new foundation of permission and authority. During this lively evening Lazaris explores the paradox of love and will whose resolution is so critical to the success and happiness we want to create. He reviews the contribution that love makes . . . its mystery and mysticism. He focuses on the magic of will: Why we know so little of will; what are the four kinds of will; where we can fine our True Will; the contribution that will makes . . . its mystery and mysticism. Lazaris offers us an array of techniques: "Faces of Love-Spaces of Will," "Ebb & Flow of Will and Love" (When love says "yes" and will says "no."), "Guides to True Will" (Painter, Poet, Musician, Philosopher), and "The Elixir of Love & Will." Meditation included: "Gathering in the Mists of Love & Will"

### *Mind Meld: Higher Self*

[click here for sound clip](#)

We walk with our Higher Selves, talking in meditation -- but what would happen if we could meld with them so completely that they could transfer to us their dreams, their optimism, their strength, their power, their depth? What we could do in that state and with that energy is absolutely limitless: a complete, total break with the past, total peace, an embracing of the capacity to receive, to forgive, to love, to be intimate, to be empowered -- to be fully the Real Self. Lazaris employs a music technique, a seven-fold preparation to align us physically, emotionally, mentally, intuitively, electrically, magnetically, and etherically. And then we eavesdrop as Lazaris and our Higher Self, with great love and poignancy, talk (not gossip!) about us and our growth. Then there are four gifts we exchange with our Higher Self. Finally, we meld with our Higher Self, linking chakras. They transfer everything to us. An incomparable, incredible experience.

Animus and Anima, and specialist counselors who can help us with very specific areas and tasks. Part of the beauty of this tape is the incredible overview Lazaris gives of paradigms of dominion and domination, and the impact our Unseen Friends can have in helping us create elegant realities that bring us the World of Dominion. He also discusses the gifts the Unseen Friends bring to our experience, including the transcending love of the Old Man and the Old Woman who help us shift reality levels -- and the gifts of energy and creativity brought by the Animus and the Anima. A magnificent discussion and meditation.

### *Unlocking & Receiving Greater Love & Greater Intimacy with Your Higher Self*

[click here for sound clip](#)

We know love and we have experienced how much we do love. And yet, no matter how much of our own love we know, we also realize that much of our love remains lost and needs to be reclaimed. And when we do reclaim our lost love, even more of our love flows into that mysterious reservoir -- that reservoir of our love waiting . . . waiting to flow into our reality and into our world. So it is with our Higher Self's love for us. As much as we know of it, even more remains unknown -- remains locked away, waiting to be released. Lazaris accompanies us upon a treasure hunt for love. Along the way we learn of *exquisite moments of discovery* and of *exquisite moments of knowing*. We remember *mystical unions* of love as well as the *mystery of love* along with the *abundance and prosperity* of love. Each of these can be a stepping-stone to unlocking and receiving greater love and greater intimacy. As our hunt continues, Lazaris shows us how to lay a solid foundation with four specific cornerstones that can lead to the keystone that we seek. This evening is rich with beauty and magic. The techniques are so clear as they focus around how to make, work, and touch to unlock this greater love. A powerful meditation is included.
