A Lazaris Intensive (1+2)

Orlando, FL ... March 28 - 30, 2003

Exalted Magic: Alliances of Human-Faerie Magicians

There is so much that each – human and faerie that share this Earth – can learn from each other and heal together. A multi-dimensional life filled with magic, reverence, beauty, and a multi-layered reality alive with Soul and Spirit can be yours. Human and faerie, so different and so alike ... upon an unparalleled adventure comes a grand opportunity to heal old wounds and scars between you, and to work together as co-workers and co-magicians in the Great Work of your individual and shared worlds. There are just so many miracles that, in alliance with each other and with love for what truly matters in your lives, you can masterfully make together.

– Lazaris

Something stirs within us and we don't understand why. There is a memory somewhere ... almost lost, it comes back to us as though lifting out of some forgotten recess of our heart. Faerie magic ... faerie magicians ... We don't always know why, but we are drawn to the unparalleled adventure and the grand opportunity that we can share together.

Greater happiness, the epitome of changing and growing, the ultimate of visions and dreams ... these can be ours. Beginning, continuing, and never-ending, we can know these, and we can have them more and more in our lives now. We can be the immediate beneficiaries of greater happiness, transcendence, and metamorphosis. They are within our reach and within our grasp.

The Unparalleled Adventure: When we enter the world of Other, we can find our way into the realm of faeries. Beyond our presuppositions, we can remember a world that we explored long ago. We can find old friends and those who we might call enemies. As well as renewing old bonds, we can unfold the old rifts, wounds, and scars left over from past lifetimes of contact between worlds. We can mend and heal. We can forgive and be forgiven. We can discover anew. We can create – rekindling or making for the first time – empowering friendships and rewardingly intimate relationships. We can encounter a world that is surprisingly spiritual and joyously magical.

The Grand Opportunity: Lazaris, in only the ways Lazaris can, invites us to listen to that different voice in each of us. He offers to guide us through the Other into the faerie realm. There, we can find the beauty and the wonder in the difference between human and faerie. In the gap of dif-

ferences, we can create a synergy of spirituality and magic. We can bring the better of being human and the better of being faerie together creating a whole that is truly greater than the sum of its parts ... a greater spirituality and a greater magic.

We can learn to work together as human magicians and faerie magicians. In the confluence – the flowing together – of our consciousness we can create and manifest that greater happiness, and we can find a harmony and peace. We can create and manifest states of transcendence and metamorphosis and find the wholeness and oneness. Each, in our own worlds, can make the maps we are now destined to make. Together, upon our shared Earth, we can take another giant's step toward jointly creating the New World in coordination and cooperation.

Confluence of consciousness, confluence of magics, and a synergy of creation ... the opportunity is grand. Appreciating our sameness and celebrating our difference, we can become co-creators and co-workers. We can triumph with what our consensus tells us we should not even dare dream. We can – human and faerie – each be beneficiaries in our respective worlds. The world we share can triumph as well.

Welcome to the adventure that Lazaris reminds us is like no other. Welcome to an opportunity time, that among so many opportunities, can be grand. Welcome to another Lazaris Intensive of superseding and surpassing. We are the map-making magicians of our current age; it is our nature to supersede ourselves. It is in us as part of our human grace to continually seek to surpass where we have been. Welcome ...

Evening with Lazaris

Calling of Miracles

Thursday, March 27, 2003 7:30-11:00 pm

It's about using our magic to make miracles ... We have reached a point where crafting miracles for us and for those we love lifts our happiness and joy. In turn, such miracle-making expands and deepens our magic and inspires and extends our love.

Beyond our personal preference, our world needs the miracles that we can create. Whether out of preference or need, it truly is about making and working miracles.

Lazaris begins this enchanting evening with a brief review of our resistance. Then he lays the

foundation and groundwork with an elegant and loving *Ritual of Remembering* of our capacity to consciously make and work miracles. We can reach beyond the limitations of our fears and beliefs.

Then we begin to build the miraculous all around us. Lazaris will focus on a beautiful ancient ritual given to us by the Ancients and Shining Ones of Sirius: *The Calling of Miracles*.

To these two incredible workings of magic (*Ritual of Remembering* and *The Calling of Miracles*), Lazaris and our Higher Selves, will add a bit of their magic. This is going to be another of those unforgettable evenings.

The Essence of Creation: Touching Personal Greatness

(Evening Only)

[click here for sound clip](#)

The culminating weekend begins with a powerful overview of where we have been during the *Year of Creation/Manifestation* and with a clear focus on where we are going in the years to come. Lazaris suggests that to work with the *Essence of Creation* and with the *Touch of Greatness*, we first need to retrieve what we have lost of our creativity. Then we need a sense of the *sweep of personal greatness*, and then we need a map ... a *Map of Magic*, that can guide us and that we can easily follow. During this evening portion of a phenomenal weekend, Lazaris lays out where we can find our lost creativity and he outlines the sweep of personal greatness.

Using portions of each of the year's evening discussions, Lazaris creates a stunning *Map of Magic*. During this evening portion, he offers us all the steps we need. The ensuing days of this quest were rich with experience and magic; they were ripe with miracles. But the recorded evening of this quest holds all the essentials to repeat the journey or to begin a new exploration in earnest. The Friday evening meditation is included in this recording. *between 2½ and 3 hours ... \$24.95 plus shipping/handling/tax*

Of course, Lazaris offers an alternative to us who are magicians. No meditation included.

Tape Recommendations for March 2003

Generating Abundance as Never Before

[*click here for sound clip*](#)

There was a time when we did not know abundance, because we did not know our desires and dreams. There was a time when we lacked the willingness and did not choose abundance. But those times are not now. It is not for lack of willingness or the lack of choice that abundance still eludes us. Lazaris begins with the basics that so many others who speak of abundance ignore. He builds a solid foundation upon which he unfolds the resolutions and the knowings necessary to construct our personal *Abundance Machine*. The discussion is light, fast, and delightfully informative. Once we can build our *Abundance Machine*, we need to find the key – the missing key. With that key – an ignition key – we can turn on our *Abundance Machine*, and it can start churning out abundance – physical, emotional, mental, and esoteric abundance – as never before. Perhaps we have lost our personal key to abundance in our old patterns or in the unexplored regions of our nemesis. It could be that our missing key is in the grief that will not end or in the malady that will not mend. In a powerful meditation, we can find our key. We can turn on our *Abundance Machine*. Lazaris concludes the evening discussion with an array of techniques that can ground our success and our abundance more profoundly. He includes techniques that involve crystal work, placing abundance in our Unconscious Mind, developing rapport with abundance, and several others. Elegant meditation included.

The Artistry of Loving: Creating & Manifesting

[*click here for sound clip*](#)

We have all been apprentices of love; now it is time to become artisans. We have learned how to be loved, now it is time to develop the mastery of being loving. Lazaris helps us look at our resistance to the artistry of love: our addiction to the “first love” and to the “second love” – and of focusing on the packaging and marketing of self to be loved with the erroneous assumption that once we are loved, it is automatic to be loving. He works also with our fears of artistry itself. Techniques include *Opening to the Faces of Love*, *Developing Artistry*, and *Touching the Wonder*. The meditation – “Crossing the Bridge of Love” – is a wondrous experience.

Bountiful Creation: Abundant Success and Beyond

[click here for sound clip](#)

Lazaris welcomes us as we gather to love together, as we gather to lift a light in order to learn of abundant success, and then to lift that light beyond. Bountiful creation offers us an avenue – a new avenue beyond necessity and chance – for creativity and creation. Along this avenue of bountiful creation, we can work magic as never before and we can live a rich and full life as it has never been lived before as well. To this end, Lazaris details the step-by-step process to work the magic of bountiful creation: *Understanding Bounty*, *Understanding Abundance*, and entering the *Domain of Abundance*. Then we work with crafting and tempering our specific desires and needs as the process continues: *Entering the Domain of Mystery*, *Understanding Essence*, and *Bountifully Creating*. After a powerful and beautifully esoteric meditation, Lazaris concluded the evening by discussing techniques. It is an inventive and innovative evening where we explore a specific process, and we also contemplate founding – not finding something that is already there but just hiding – but founding an entirely new avenue along which creativity and creation can flow. It is an exciting discussion fraught with limitless possibilities and potentials and alive with expansive opportunities. Powerful meditation included.

Abundance & Prosperity: The Skill

[click here for sound clip](#)

Abundance ... Far from being an "unspiritual" subject, dealing with abundance is part of our growth and metaphysics. Lazaris explores the difference between the Old Abundance -- which involved so much struggle, judgment, and prejudice -- and the New Abundance which involves a wealth of unlimited thought, richness of feeling, and depth of spirituality as well as physical things. Getting there requires working with a number of emotional elements -- from how "real" we make money and false meanings we attach to money, to the achievement of a true willingness to have it. A powerful seven-step process for clearing the blockages, an incredible meditation, and several powerful techniques: The Green Flame Technique, The Bubble of Abundance Technique, The Door of Abundance Technique, and the Abundance Symbol.

The Tree of Love Meditation

[click here for sound clip](#)

This is a truly magical meditation for healing what stands in the way of love. We wander aimlessly in a forest and then suddenly find a magnificent tree guarded by a Silent Sentinel. Within this Tree of love, we encounter a woman with the head of a lion and a golden disk behind her, a man/woman with the head of a bird, a person who is part reptile, and one who is part man-part beast. One of them holds a paper that contains a magical hieroglyph, and this one becomes our doorway into the vast realm within the Tree. What follows is a beautiful, mystical meditation that is particularly good to do if you're confused or in self-doubt. From the weekend seminar *Seven Rituals To Create More Love in Your Life*.

Whether you use your ebook reader on your computer or use a portable one you can take to the beach [g], it's a fantastic medium that delivers a whole book into a file that's permanent, instantly accessible, and uses no paper. The Sacred Journey: You and Your Higher Self

This is Lazaris' landmark book on the New Spirituality, and its publication was and is a touchstone on the Journey Home. It is remarkable in its clarity about what the New Age is – and is not. In explorations that range from an understanding of the mineral, plant, animal and human kingdoms to our four choices to grow, Lazaris opens an amazing door. Then he moves to a process to prepare us to meet our Higher Self. The journey begins with love and culminates with a respect for the love and power of the Higher Self as well as an overview of the entire Topography of Consciousness. And at the end of this journey, we touch and begin to know our Higher Self in a series of three meditations that many have called the most beautiful they have ever known.
