The Lazaris Weekend

Orlando, FL ... October 19 - 20, 2002

Celebrating Creation: The Great Wheel Turns

Turning, turning, turning ... continually, but not constantly, the Great Wheel turns.

With the eighth turn of the Great Wheel ... is the triumph of Soul and Spirit and the triumph of God/Goddess/All That Is expressed and reflected in you, in your dreams and visions, and in your magic.

– Lazaris

We can enter the Great Wheel and artfully walk its rounds. First we will explore its function – *Eternal Turning of the Great Wheel* – in creating and manifesting form in our reality and in our world's reality. Deeper, we will come to uncover the Mystery & Magic of the Great Wheel that is encoded within and that lies beyond or before its function. In time, we will enter its grace – the *Grace of the Great Wheel* – and encounter the *Sacred of Creation*.

We can lift necessity-creation and transform chance-creation into magical and miraculous manifestations. Along the pathways of necessity and chance and within the mystery between these two avenues, we can uncover truths that can catapult us forward, and we can discover depths of happiness and heights of joy that we have not yet known. Our lives can become richer with love and beauty; our

world can become enchanted with success.

We can be changed by the sacred within creation itself. In the turning, turning, turning of the Great Wheel, so many of our dreams and so much within our visions can come true and can become ours. The manifestations can be miraculous, limited only by our imaginations and beliefs.

The secret is found in celebration. Yet within our consensus reality, so much of the mystery of celebration has been stripped away. Most of the magic has been lost.

Lazaris has designed a powerful weekend that begins with celebration and ends with celebration to bind the mixture of magic that will happen in between. Together with Lazaris and other Unseen Friends, we will enter the Great Wheel.

Amid the beauty, love, enchantment, and

mysterious solitude, we will renew our commitment to our Journey: Coming Home. We will restore and rejuvenate the power and strength of our magic. All that we have been learning and experiencing from “Bountiful Creation” to “Divine Union” and the newest exploration, “New Vistas of Hope” can come

alive and reverberate in our reality.

What an incredible time of loving; what an incredible time of healing. Welcome to the “Celebration of Creation” as the Great Wheel continues turning, turning, turning.

Welcome ...

Evening with Lazaris

New Vistas of Hope: The Mystical Core of Great Magic

Friday, October 18, 2002 7:30-11:00 pm

At the root of all magic: choice. In the depths of all choice: hope. Beyond its continuum from innocence to wisdom, within the new vistas of hope, lies the core – the mystical core – of great magic.

Also to be found there: greater love and greater healing eagerly waiting to unfold.

– Lazaris

Within our consensus reality, the value of hope is almost lost. It is seen as a desperate emotion – an emotion of last resort. For the magician, hope is ripe with mystery, stirring both soul and spirit; it is a “secret ingredient” in miraculous magic.

We can activate a mysterious alchemy. Combining anticipation with expectation, the wondrous magic of hope can emerge. Touching its innocence and its wisdom, we can reach beyond the limits of the incredible alchemy of hope to find that core: The core of Great Magic.

Lazaris, with lively discussion, mystical techniques and with his continual love, explores the innocence and wisdom of hope and then guides us into the lost and uncharted of hope. He shows us how to allow this

“secret ingredient” to change our lives and our magic. Then, with Lazaris at our side, we will venture into the unknown seeking the Divine of hope – seeking Essence through hope.

Our masterful magic can be inexplicably transformed into Great Magic. Our magic can be more vibrant; its workings more profound, our lives can be richer with greater success and happiness. Our lives can reverberate with greater hope and with Great Magic.

This evening can be another defining moment upon our path: Coming Home. With Lazaris and our Higher Selves at our sides, such a moment can change us forever.

Welcome ...

Resonance Magic: The Remarkable Power of Unconscious Presence

Unstoppable power ... somewhere within the midst of our magic, amid the many powers of magic at our disposal, there is a unique power that, once activated, cannot be stopped. Unstoppable success ... when we make the most powerful choices most consciously, our success can be both unlimited and unstoppable. The key to our unstoppable power and to creating unstoppable success lies within a precious and rare domain where our unconscious and conscious can become one: it lies within unconscious presence. Resonance magic is critical to utilizing that key; it is vital to accessing the unstoppable in our magic and of our success. During this exploration, Lazaris reviews resonance and resonance magic and clearly defines the nine domains of unconscious presence: the nine locations where our unconscious and conscious minds become one mind. Then he outlines and guides us upon a remarkable journey. It begins with an exploration of necessity and chance, and moves into reflection to step outside the Sets of Necessity and Chance. We then enter the liminal: that mysterious place and state "between." Within the liminal, with focus & release we can empty ourselves of all thought and all feeling so that we can engage our mind beyond our conscious mind. Seeking clarity & purity, we reach beyond our unconscious mind to experience our truer self, to reside beyond self-doubt, and to be confident of our self-liberating freedom. Then we can experience the domains of unconscious presence. Working magic here ... our mystical power can be unstoppable; our successes can be unlimited and unstoppable as well. The evening's meditation is truly a metaphysical treat.

Becoming an Artisan of Triumph

[*click here for sound clip*](#)

There are those precious moments beyond winning and beyond victory. There are those moments when our successes, large or small, are grand. Those moments are filled with joy and wonder and are alive with an exhilarating rush that can only be called triumph.

Triumph, once rare, can become bountiful in our lives. It can become an exciting – a thrilling – part of our magical creations and manifestations. With triumph, our success can be richly crafted and our achievements can be exuberant with joy. As magicians, we can become more masterful as we reach beyond winning and beyond victory to embrace triumph. As mapmaking magicians, we can stretch further to become artisans of triumph. Lazaris' extraordinary tape begins with a review and a new look at the qualities of triumph that can open us to the *Essence of Triumph*. Then, with bountiful cre-

ation within a new domain of magic, with reclaimed dignity and freedom, within the resonance of unlimited and unstoppable success, and with elegance we can take the next step – the sixth step – in our pursuit of creation and manifestation. We can take what we know of triumph and lift it to the level of art. We can truly become artisans of the *Magic of Triumph*. It is our nature; it is our grace. As always, Lazaris is right there loving us and helping us. Meditation included.

Reclaiming the Lost Depths of Love: The Missing Ingredient of Miracles

[click here for sound clip](#)

If we have ever felt fear or the allure of freedom, if we have ever attempted to control or have ever been attracted by the idea of miracles, there is a love and a depth of love that we once knew and have now lost. We can reclaim that love; we can regain that depth. Lazaris explores our inhibitions: layers of “not enough” and of feared consequence or erroneous responsibility – and the Silent Sentinel and Silent Voices, Weakness of Self-I and Ego-I, the weak choices that are not wise, willed, right and empowered choice. He adds texture with techniques: *The Power of the Possible*, *The Skill of Claiming*, and *The Art of Demanding*. He includes a *Meditation of Reclamation* that is both powerful and profound.

The Magic Only Increases

[click here for sound clip](#)

It is time to heal our magic. In every Age, magicians have reached a level of magic where they confront or encounter a magic that only increases. When this happens, not only does happiness spiral up to joy, but our fear – our fear of losing the magic and of losing the power of its workings – can expand and deepen intensely. Out of this fear, many magicians retreat from their magic. During this powerful evening, Lazaris offers us a new map; he answers our question: What do we do when we fear we are losing our magic? To make this new map, Lazaris offers a *Collage of Energy* in the form of familiar and new techniques. From *The Magician's Way* to *The Experience of Oneness*, and from *The Counsel of the Ancients* to *The New Magic*, Lazaris explores each of 14 distinct energies that we can utilize to heal and strengthen our magic. These energies, used individually, in clusters, or as a collage of energy, can assist us in bolstering and balancing our magic. We can also come to know the magic – the magic that only increases. Powerful meditation included.

Healing the Broken Alliances: Finding Peace

[click here for sound clip](#)

When magical alliances are mended and restored, familiar and unfamiliar means to achieve the bounty and autonomy we seek seem to open. New methods of gracious giving seem to appear. Inventive or innovative ways of actively participating in living the loving, magical life we desire seem to come as if out of the blue. During this magical discussion, Lazaris lays the groundwork for healing our broken alliances by exploring what can come from such work: We can open another

doorway into the realm of mystery and we can find an elixir of love's magic. And there is so much more. Healed alliances can be a tether for entering and returning from the depths of mystery and from the heights of magic. Mended alliances can lead to clear avenues for dealing with the grand mystery: Our future. With such work, we can sharpen our magic, create greater abundance and prosperity, and heal our pain in new and more productive ways. In a cursory discussion, Lazaris points out the dynamics of our mystical alliances that are there with birth, but that get broken in the function of living life. From the dynamics of alliances, he moves to work with the dynamism of broken alliances: What goes wrong when these alliances break. With this groundwork, we can build a foundation for healing these all-important alliances. Lazaris concludes the discussion with techniques that include *Interlude with the Ancients*, *Healing Bonfire (Good Fire)*, and *Elixir of Love's Magic*. During the meditation (included on the recording), Lazaris guides us to healing our broken alliance with our Higher Self. It is truly a magical and mystical experience that goes beyond words.

Becoming an Artisan of Triumph

[click here for sound clip](#)

Triumph can transform success, no matter how large or small, into grand success that can be both magical and miraculous, and where achievements and accomplishments are exuberant with happiness and joy. Triumph, a standing wave of resonance more powerful than the components of which it is comprised, becomes an attractor and an anchor for magical and miraculous success. With the artistry of triumph comes the elegance of living an enriched life guided by the Divine within us and guided by our soul, our spirit, and by God/Goddess/All That Is. Despite all that triumph can be and do, we fall short of its artistry and we have resistances to it: *Lack of Understanding/ Knowing; Negative Ego's Prattle; Distorted Perspective; and Jealousy/Envy of Others*. Lazaris unfolds specific ways to respond to the resistance and outlines several new techniques to both develop the craft and to become the artist of creating and manifesting triumph in our lives. Meditation included.

Handling Depression/Handling Loneliness

[click here for sound clip](#)

Depression is a very tough issue to handle for many people, because both its causes and its healing are so often misunderstood. Lazaris' description of the pain of depression and the hopelessness that often surrounds it is filled with compassion. He also explains what depression really is: layers upon layers of gauze-like anger that's never been expressed and has gained enough weight over time literally to hold us down. And, in doing so, it disconnects us from our Unseen Friends and those around us, leading to what can be a terrible loneliness. Lazaris' meditations on this tape have been described by many as the most liberating material available on depression, and they really work.
