A Lazaris Intensive (1+2) Orlando, FL ... September 13 - 15, 2002

Beyond Mystery: New Adventures in the Imaginal Realm

Within the Imaginal Realm, beyond what you can consciously imagine or create, imagination imagines itself and creativity creates itself. From within this depth with its mystery, lifts a sacred magic that is alive. From within this realm with its mysticism, flows a magic that manifests itself. So many wondrous secrets yearn to be unfolded; so many awed treasures long to be discovered. Will you allow us to intervene? Will you allow us to open new and stunning windows to sacred magic and extraordinary success? We wait for you ... we love you so.

– Lazaris

Gently yet profoundly, within the domain of the Imaginal Realm, together with our Unseen Friends and Lazaris, we can work – creating and manifesting – with the sacred magic that can generate changes deep within our unconscious mind and in the recesses of our subconscious mind. Embracing more of the majestic in us and of us, we can emerge renewed and revitalized. We can emerge different than we have ever been.

Beyond the initial inhibition and apprehension, the Imaginal Realm can become a phenomenal world of majesty and awe; it can become an unimaginable and unbelievable world that we know we could not have created alone. It can become a magnificent world responding to so many of our yearnings and longings – to so many of our dreams and visions.

Enveloped in Lazaris' love and caring for us, wrapped in Lazaris' presence and grace, and with Lazaris at our side, we can elegantly slip beyond the boundaries of our world and enter the Imaginal Realm. As we awaken that imagination that imagines itself and that creativity that creates itself, our reality and the reality of our world can dynamically and beautifully shift, lift, and change.

Miracles can abound. As we work that sacred magic that manifests itself, our happiness can soar to untold depths and to unspoken heights. Our success can become extraordinary. Our love can come alive with joy and freedom.

many of our yearnings and longings – to so many of our dreams and visions. It holds so much.

Our truer powers and strengths often slumber in the Imaginal. The transcendent nature of our Future Self waits to be stirred and awakened. Our future waits for us to craft it into the present. Stockpiled in this sacred domain are the stuff of beauty and ecstasy that can miraculously change us and our lives. There we can find the intimacy, the passion, and the inspiration – there we can find the loving, caring, and healing – to become, as Lazaris says, more of “who we once were and who we will be again.”

Lazaris is designing a profoundly beautiful new intensive. Slipping beyond the boundaries of our current world and then stepping beyond the mystery within the Imaginal, we can gently yet powerfully discover a special peace and an uncanny knowing that can generate extraordinary success. We can expand and shift our horizons – expand and shift our world.

Welcome to another one of those journeys that seems to change everything. Welcome to another loving and magical excursion with Lazaris that joyously lifts us beyond our imagination and beyond our expectation.

Welcome ...

An Evening with Lazaris

The Magic of Divine Union

Thursday, September 12, 2002 7:30-11:00 pm

Lazaris has said it. When we touch it, even for a moment, in our experiences of living life, we know it. The ultimate human need: Beyond being loved, it is to be loving. With no more than a touch, we seek it; we reach for that sublime human need – our ultimate need. And when we find it, even for a moment, we are forever changed.

When we begin, we speak our desires in words and then voice them in action. When we begin we seek to meet our mundane needs and to fulfill our desires and we start to grow and change.

Beyond beginning, we seek clarity and then purity; we seek wisdom. We seek knowing. Beyond beginning, we can be lifted and then gifted by the very Divine we are seeking and pursuing.

“What is Divine Love?” you ask.

“When you know you are loved ... beyond all the reasons, beyond all the memories, and beyond all the images of love ... when you know you are loved for no reason at all, then you know Divine Love ...

“Then you truly know how to be loving.”

– Lazaris

In a Divine Union, we can become one with God, with Goddess, with Love – Divine Love. In that Divine Union there is magic. There is a transcendent moment that can be eternal, and we can be different – we can be more – forever. In that transcendent Divine Union, we can truly know love, and we can know how to love as we have never loved before.

It’s an enchanting evening of magic. It’s an evening beyond words. In a Divine Union, becoming one with God/Goddess/All That Is, truly knowing love ... what grander vision could we hold?

Welcome ...

Becoming an Artisan of Triumph

There are those precious moments beyond winning and beyond victory. There are those moments when our successes, large or small, are grand. Those moments are filled with joy and wonder and are alive with an exhilarating rush that can only be called triumph.

Triumph, once rare, can become bountiful in our lives. It can become an exciting – a thrilling – part of our magical creations and manifestations. With triumph, our success can be richly crafted and our achievements can be exuberant with joy. As magicians, we can become more masterful as we reach beyond winning and beyond victory to embrace triumph.

As mapmaking magicians, we can stretch further to become artisans of triumph. Lazaris' extraordinary tape begins with a review and a new look at the qualities of triumph that can open us to the *Essence of Triumph*. Then, with bountiful creation within a new domain of magic, with reclaimed dignity and freedom, within the resonance of unlimited and unstoppable success, and with elegance we can take the next step – the sixth step – in our pursuit of creation and manifestation. We can take what we know of triumph and lift it to the level of art. We can truly become artisans of the *Magic of Triumph*. It is our nature; it is our grace. As always, Lazaris is right there loving us and helping us. Meditation included.

Discovering & Engaging the Elegance of Creating & Manifesting

[click here for sound clip](#)

Our work with consciously creating and co-creating can be lifted to greater levels of achievement; our resonance work can be richer with more fulfilling success and happiness. And our happiness can lift to joy and peak with ecstasy. Our desires can blossom, becoming splendid desires as we find both richness and noble pride in the ways of living our lives. There is so much we can gain, there is so much we can garner, as we discover and then engage the elegance of – as we immerse ourselves in the resonance of our elegance and as we touch and are touched by the seed of elegance within – creating and manifesting.

* [click to return to main menu](#) *

Lazaris begins with a cursory exploration of why elegance is so valuable and then moves into a thorough exploration of the components that comprise both our elegance and the elegance of creating: *grace, beauty, dignity, dynamism, inspiration, eminence, and excellence*. After this lively and fun look into the mystery of elegance, Lazaris guides us upon a powerful meditation to seek, to receive, and then to hold the gift of elegance within our hearts. The gift of elegance comes from "the hand of the divine." The magical meditation is followed with a step-by-step process for discovering and then for engaging this elegance in our work with creating and manifesting.

A Selection of Lazaris Tapes on Power & Dominion

Lazaris has been teaching about the development of truly positive personal power and the amazing joy that is dominion for many years now. The tapes below represent a magnificent journey to new depths of personal power and an ever-deeper realization of the sheer grace of dominion.

Personal Power & Beyond ... (Video)

Once we knew a world where Time gave us opportunities to try again, and where Space was a drawing board on which to explore. The past was a teacher, the present gave feedback, and the future motivated us. In this World of Dominion, Nature and the Elements were friends with which to create reality, and power was a loving, creative master. Lazaris explores what power is not – manipulation, intimidation, bullying, and domination. And then he outlines what true, positive power really is: the qualities of honesty, responsibility, and character that lead to the ultimate power that is being one with God/Goddess/All That Is. A thorough, detailed exploration of power and the joy of dominion that lies beyond it. With an incredible meditation.

Personal Power / Power & Dominion

We are always growing, and each time we do, we need to be increasing our personal power. But we also need to be sure we are operating in the World of Dominion that allows for a true, vital spirituality – rather than the World of Domination that robs us of our Spiritual Journey Home. This set of tapes accomplishes both at the same time, increasing both power and dominion in balance with one another. This is an empowering set of tapes that is exhilarating in its experience of sheer positive power. It includes the *Personal Power Meditation / Power & Dominion Meditation*.

Dominion at Work: Engaging the Elements

Dominion is one of the most important concepts in metaphysics, and with this tape Lazaris takes the concepts of dominion and gives them breath, fire, and a reality-changing life. Connecting these concepts to The Elements – Fire, Earth, Air, and Water – we attain a force which can help us break through fears, doubts, failure, and pain to become much more of who we really are and are meant to be. The exhilarating *Elements Meditation for Dominion* is followed by Lazaris' seven-point process and techniques for engaging the very force of dominion itself: *The Powers of Perception Technique* for exploring projection; resonance and sympathetic magic; creating physical and meditative spaces for The Elements; and High Magic. With a magnificent meditation.

The Power of Dominion

Dominion: Even the word itself has grace. It was a friendly world where time was a patient teacher and where space was a servant – where the past, present, and future were constructs for gentle and compassionate learning – and ego was an assistant. When we chose the Grand Promise of the Negative Ego over the Spiritual Promise of God/Goddess/All That Is, we consciously broke with the World of Dominion and entered the World of Domination as individuals and as a collective humanity. But there is a way back. Lazaris gives us four approaches to releasing domination and establishing dominion, and a meditation to journey back to the time when we knew dominion and to the time when we gave it up. Includes a profound meditation, *Dominion Meditation with the Elements*, in which the Elements stimulate our memory and help us make the choice again.

Embracing, Inhaling Power

In this tape, Lazaris creates a four-fold process you do with music to explore the Positions of Power: flexibility and forgiveness, the true detachment of feeling emotions and processing them, vitality, humility and respect, honesty and value, self-esteem, self-actualization and self-knowing, and love, intimacy and caring. Power is always consciously developed, and using a music technique Lazaris brings to consciousness the elements of true power, including the value of self which is a divine gift from the Goddess. We inhale our power, claim our inheritance, and begin to function from a *platform of power* that allows us to live a life filled with fun and the sparkle of true happiness.

Healing Ourselves and Our World with Resonance [click here for sound clip](#)

Resonance: It is the source of all creation in the universe, the force that can turn words into action, desires into reality, and with which we can attain true dominion. More and more, it is resonance and the future that will determine the reality -- not logic and the past. Lazaris outlines the *Seven Principles of Resonance*, the *Standing Wave of Resonance* that is created from the interaction of two or more frequencies, and the Four Concepts that make healing with resonance more possible. The Healing Meditation on this tape is a phenomenally powerful and exquisitely beautiful visualization in which you and your Higher Self work with resonance for healing.

Passions Awaken: The Soul's Call to Adventure [click here for sound clip](#)

Lazaris initiates an esoteric alchemy of combustion that can transform the fertile disorder of chaos into the creative elegance of passion, that can transform fear and anxiety of the Unknown into luminous inner guidance with greater meaning, greater significance, and thus greater value for each of us. On this tape, Lazaris clearly explains the boundless love, the unbridled enthusiasm, the insatiable yearning, and the unending longing that is passion. He shows us the essential role passion plays in our spiritual growth. It is a foundation of empowerment, integral in our Soul's voice, critical to hearing our Soul's Call to Adventure, and to responding to that Call. Lazaris explores what passion provides and how we have lost passion. And Lazaris defines precisely what our Soul's Call to Adventure

Elegant Visions Creating Magical Successes

[click here for sound clip](#)

Visions: They are dreams illuminated by the passion of the Soul and liberated by the compassion of the Spirit. They are Optimal Futures crucial to creating the Virgin Future of the World. Existing outside of space and time, they have their own nonlinear language that may include brightness and darkness and the way things are shaped. Lazaris explores this magnificent world, its relationship to the *Imaginal Realm*, its components of genius, self-worth, and the Soul. Slipping past the objector / protector, we engage an Ally and enter the *Place of Vision*. Lazaris uses a powerful meditation to show us how to create linked visions and interlocking visions -- eventually to create Interlocking Visioning with others and Unseen Friends. What is born is a capacity for magical success -- and for engaging the electromagnetic energy of visions for the metamorphosis of our species.

Freeing Yourself from the Unspeakable: Jealousy, Envy, Rage

They are hidden from view, living behind a mask, dwelling in a shadow, denied. Ashamed, we do not speak of them, and try to pretend they are not there. But they contain wonders: Within them lie truths, untapped energy, ineffable and inexhaustible magic, and a spirit that can allow us a life textured with elegance and grace. Lazaris' compassionate understanding of jealousy, envy, and rage is matched only by the effectiveness of the tools he gives us for freeing ourselves. The meditation takes us down through the experience to a point where we break free. Lazaris includes a visualization of a Forest Journey in which we find a Wild Animal that absorbs our rage -- and techniques for revealing the treasures and truths of the Light Shadow that hide within jealousy and envy. A remarkable, liberating tape that offers a priceless freedom.
